Congress Votes To Kill Brannan Farm Measure

WASHINGTON, July 21.—(AP)—The house adopted legislation today to continue present rigid high supports for farm prices another year, flatly rejecting the administration's trial run farm subsidy plan.

It confirmed by 239 to 170 roll call vote a previous voice vote substituting a measure by Rep. Gore (D-Tenn.) or the proposal backed by Secretary of Agriculture Brannan.

Earlier it had shouted approval of an amendment to kill outright

Navarro County To Get New Roads In State Program

A total of 23.6 miles of new farm-to-market roads were designated this week for Navarro county by the Texas Highway Commission, according to information received from the department.

The new highways, in addition to those already designated and some under contract, will be built under the provisions of the State Highway Bill 287 passed by the 51st Texas Legislature. The funds for the roads under Senate Bill 287 will become available in September, but the Commission has taken immediate action to program roads in order to insure quick work as construction funds accrue.

Upon acceptance of the provisions of the order by the county, the State Highway Commission will proceed with construction at an estimated cost of \$437,000.

The new Navarro county roads are:

From Highway 31 east of Powell south and east to State Highway 209, a distance of approximately 7.5 miles.

From end of Farm-Market Highway 637 east of Tuckertown in the oil fields east of Camp Valancia to U. S. Highway 287 at or near Eureka, a distance of approximately 2.5 miles.

From end of Farm-Market Highway 637 east of Tuckertown in the oil fields east of Camp Valancia to U. S. Highway 287 at or near Eureka, a distance of approximately 2.5 miles.

From State Highway 14 in Richland southwest to road intersection, a distance of about 5.4 miles—connecting with the Pilsbarg Ridge road.

From end of F-M 630 at Emmett to end of F-M 1127 at Brushy Prairie, a distance of approximately 2.5 miles. This will give an all-weather farm-to-market road.

Racial Tensions In Florida Town Being Relaxed

GROVELAND, Fla., July 21.—(AP)—Racial tensions which exploded after a mob of white housewives' rape apparently were simmering down today following the indictment of three negroes.

Even so National Guardsmen had a weather eye out for trouble after the assault on her and the robbery-beating of her husband last Friday. This negro is still at large.

In its finding, the jury ignored Sheriff W. V. McCall's charges against the negroes of kidnapping and robbery but asked to be called back later to continue its investigation.

For the guardsmen, "Operation Sabotage" began last Sunday, a day after 100 headlight men tried to fast-track Sheriff McCall out of the two negroes then under arrest. They failed.

Subsequently the guardsmen were reinforced after a wild Monday night in which three negro homes were burned and a caravan of shooting men moved through a negro settlement.

Thereafter an uneasy peace settled over this town and timber town of 1,200.

The next phase of the racial troubles was the grand jury session last night. Among the 18 jurors returning the indictment was a lone negro, but asked to remain in Groveland or the surrounding negro communities. Most have migrated to surrounding, larger towns.

A-Bomb Question Introduced Into Debate On Treaty

Vote On Ratifying Atlantic Pact Is Near In Senate

WASHINGTON, July 21.—(AP)—Senator Wherry, the Republican floor leader, told the senate today that before approving the North Atlantic Pact it should "close the door" against giving the atom bomb to other members.

With a vote only hours away, the Nebraska senator said he is concerned that the treaty may obligate this country to let others in on A-bomb secrets.

At President Truman's news conference, held shortly before the senate met, reporter had mentioned the stand Wherry was taking.

Mr. Truman brushed it off with the comment that Senator Wherry has a lot of ungrounded fears about a treaty which I'm not interested in.

Wherry had raised questions about the A-bomb and the treaty. At that time, Senator McMahon (D-Conn.)—chairman of the senate atomic energy committee—said the treaty carried no obligation to share atomic secrets.

He said the question should be considered when the arms-for-Europe program is taken up by Congress.

When the senate convened today, Wherry brought the matter up again.

"I ask the question," Wherry said, "are we to share the atomic bomb? Will they (the other pact members) have the right to them? Is there a moral or legal commitment to do that very thing?"

Wherry pleaded that the senate adopt a resolution and Senators Taft (R-Ohio) and Watkins (R-Utah) are sponsoring. It would say that the treaty does not commit the United States to give military atomic secrets to other nations.

By adopting it, Wherry declared, "the door is tightly, firmly closed against any moral or legal obligations upon the United States to furnish the atomic bomb or any of its secrets to anyone."

Senate leaders said they were confident that even the atomic issue will not halt overwhelming approval of the treaty. They estimated no more than 10 votes perhaps less—against the pact.

The first show-down ballot was taken today.

Texas Develops New Polio Cases; Death Reported

By The Associated Press. Dallas county's second polio death of the year and four new cases at other Texas cities were reported today against the disease.

Six-month-old Harold Glen Bennett died yesterday in Dallas. The county has had 42 cases.

Two new cases were reported at Houston yesterday. Officials studied plans for a city-wide DDT spraying operation.

Lufkin and El Centro each reported one new case.

Houston's new patients were a 2-year-old boy and a 2-year-old Harris county mother.

Martha Crawford, three and a half months old, was Lufkin's first victim of the year. She and her parents, Mr. and Mrs. L. S. Crawford, lived at Nacogdoches until last week.

Charlotte Trainer, 14, daughter of Mr. and Mrs. L. S. Emauel, was taken to a Wichita Falls hospital from El Centro.

through the physicist's wife. It said he met her in Spain in 1937, where her first husband, like Nelson, was a volunteer in the International Brigade in the Spanish Civil War.

The committee said an investigation cleared the scientist and his wife of any subversive activities, and said their loyalty never has been questioned by the government.

But under Nelson's guidance, the committee said, a cell of five or six young physicists was developed in the laboratory.

"According to a sworn statement by a witness," the committee said, "Giovanni Rossi Lomanitz was the principal Communist party organizer in the San Francisco Bay area in the early 1940's and now operating in Western Pennsylvania."

Gymnasium And Pool Is Suggested As Memorial For Governor Jester

With the thought in mind that the late Gov. Beauford H. Jester would appreciate a memorial along the lines of interests he followed, Herman Brown, manager of the Corsicana Chamber of Commerce, has suggested that a gymnasium and swimming pool be built in memory of Corsicana's statesman.

Brown said the late governor was vitally interested in sports and in helping children.

"Both of these programs would be followed if we erected a swimming pool and a gymnasium," he said.

Brown has offered the services of the Chamber of Commerce to act as a clearing house to make plans for the construction of the proposed memorial.

"Ever since the untimely death of our fellow citizen the late Gov. Beauford H. Jester, I have been wondering just what type of a memorial might be suggested by the citizenship of Corsicana. Some people have been thinking in that direction as I note that contributions have already been made to the church for the purpose of a church memorial."

"For quite some time now, leaders of our community have given thought and discussion on ways and means to secure two much-talked-of projects; a large municipal or school gymnasium and a public swimming pool."

"When we think of a memorial for our departed statesman, we should remember that Gov. Jester was a very athletic and sports minded man, that he attended the first football game for the church memorial."

"The second was a meeting at the Capitol yesterday, called by the senate house atomic energy committee."

The second meeting appeared to have eased misgivings of some law-makers that the president might act on his own to give Britain some A-bomb secrets.

They said that they would not press for a move to keep the president from acting by executive order in the House of Commons.

There had been talk of putting at least the senate on formal record as saying that the atomic energy law forbids the supplying of atomic secrets to any foreign power unless congress approves. Apparently, they now are satisfied that Mr. Truman plans no bypassing of congress at this time.

The senate's atomic energy committee held a two and three-quarter hour meeting with top state, military and atomic officials on the British-Canadian matter on Capitol Hill yesterday. The participants included Secretary of State Acheson, Secretary of Defense Johnson, General Dwight Eisenhower and the atomic energy commissioners.

At the end of it, Senator McMahon (D-Conn.), chairman of the committee said no conclusions had been reached and that the question would be explored further. The first meeting was held at Blair House with President Truman a week ago tonight.

WASHINGTON, July 21.—(AP)—Foreign Secretary Ernest Bevin told Parliament today America's unconditional surrender policy for Germany left "a shambles" upon which to rebuild the German nation.

Winston Churchill, leader of the opposition to the labor government, repudiated the unconditional surrender phrase first mentioned by President Roosevelt "without consultation with me."

Bevin, speaking in a foreign policy debate in the House of Commons, said the first time he had heard the phrase was in the newspapers. The foreign secretary was a member of Churchill's wartime coalition government.

Addressing himself to Churchill, Bevin said that "if the phrase had been said to me as a member of your cabinet, I would never have agreed to it."

Frank Cumpston Is Given 3 Years; Appeal Is Planned

Frank Cumpston was convicted of murder without malice and his punishment was set at three years in the Texas penitentiary in a verdict returned at 11:08 a. m. Thursday in the Thirtieth Judicial District court.

Cumpston was tried in connection with the fatal shooting of John E. (Goobar) Barnett, 20, at

Job Situation In Texas Regarded With Optimism

AUSTIN, July 21.—(AP)—The Texas Employment Commission isn't worried about the work situation in Texas.

It reported yesterday that non-agricultural employment in June totaled 2,309,500 in the state—nearly 32,000 above the figure for the same month last year.

Another encouraging view of the state's economic picture was brought out by TEC in its forecast for the next two months. An estimated 8,500 employment gain is expected by the end of August.

Non-manufacturing employers expect to add an additional 4,600 to their payrolls, and manufacturing employers will put 3,900 more workers to work. Employment in the former stood at 1,921,700 in June, while the latter had a 387,600 employment total.

Although the non-agricultural employment figure for June was 4,700 under the May average, the total of 2,314,000 TEC said the drop was seasonal and primarily attributable to vacation period employment of school teachers. These return to their jobs in September.

Truman Asserts Discussions No Cause For Alarm

WASHINGTON, July 21.—(AP)—President Truman said today there is nothing for the American people to be alarmed about in the present hush-hush talks about atomic foreign policy.

Mr. Truman was sharply critical at a news conference, however, of the man he said leaked information to the press about the advance of an atomic policy meeting the president held at Blair House last Thursday.

Mr. Truman said he knows who the man is, but he did not identify him.

The Blair House conference, bringing together high government and congressional leaders, was the first of a series of conferences which have been held on atomic matters.

The second was a meeting at the Capitol yesterday, called by the senate house atomic energy committee.

The second meeting appeared to have eased misgivings of some law-makers that the president might act on his own to give Britain some A-bomb secrets.

They said that they would not press for a move to keep the president from acting by executive order in the House of Commons.

There had been talk of putting at least the senate on formal record as saying that the atomic energy law forbids the supplying of atomic secrets to any foreign power unless congress approves. Apparently, they now are satisfied that Mr. Truman plans no bypassing of congress at this time.

Veterans Here Affected—52-20 Act Nearing Expiration

Approximately 500 veterans in Navarro county will be affected by the expiration of the 52-20 Act on July 25. Presumably, indications in Congress are that the act will not be continued.

W. B. Reedy, director of the Texas Employment Commission here, said his active files show 317 World War II veterans are filing for adjustment pay. Of this number 206 are filing under the self-employed program, which includes farming and operating one's own business, and 311 individual claims.

The adjustment act, which became effective Sept. 4, 1944, allowed payments up to \$20 a week for not more than 52 weeks for total unemployment. A veteran had to serve at least 90 days to be eligible for payments.

Maj. Gen. Vaughan Has Permission To Take Stand

President Asserts He Favors Probe Of Five Percenters

WASHINGTON, July 21.—(AP)—President Truman said today that his army aide, Maj. Gen. Harry H. Vaughan, has permission to testify if he is called before the senate committee inquiring into operations of five percenters.

The President declined to comment, at a news conference, on a story that he had decorated Vaughan in a mock ceremony after the general's recent brush with newsmen in Washington on the five percenters' question.

Asked if he had given Vaughan a medal on that occasion, he said a simple no comment.

At the same time, the President said he has always favored inquiries to see that outsiders are not used to obtain government contracts and that is part of his continuing policy.

Mr. Truman said he does not believe Gen. Vaughan was mixed up in the operations which brought about the congressional inquiry and the suspension of two generals.

He said he had read suggestions of that sort in the papers about Vaughan but did not believe them. A reporter said Vaughan was reported to have said he believed 300 five percenters were operating in Washington.

Mr. Truman said he doesn't know anything about it if such operations are going on. A newsmen said that reporters trying to get information had been checkmated in official circles.

Three Candidates For GOP Position Forging To Front

WASHINGTON, July 21.—(AP)—Three potential candidates appeared today to be forging to the front in the race for the Republican National Chairmanship to be vacated Aug. 4 by Rep. Hugh D. Scott of Pennsylvania.

The three are Guy George Gabrielson, New Jersey committee chairman, Arthur Summerfield, Michigan member, and A. T. (Bert) Howard, Nebraska State Chairman.

Former Senator John A. Danaher of Connecticut quit the race yesterday after Senator Taft (R-Ohio) announced that he wasn't supporting Danaher any more than any of several other candidates.

Some members of Danaher's withdrawal reflected anti-Dewey sentiment within the committee. They added that this was so wide-spread that it was damaging the chances of Howard because he was a pre-convention supporter of the governor last year.

Traffic Deaths In Texas Declining

AUSTIN, July 21.—(AP)—Traffic deaths in Texas continue to decline. The state police reported today 143 deaths in June compared with 178 in June last year. Total killed in traffic so far this year was 843 compared with 930—a nine per cent decline.

Newspapers said that when Vaughan reported for duty last Monday Mr. Truman, looking severe, fished from his desk a ribboned package from his desk and ordered the general front and center.

Last Pickups Being Made In City's Clean-Up Drive; Effort Is Success

One Texas National Guard truck was operating in the city today making final pickups in the city's clean-up drive. The drive was scheduled to end Wednesday but

one truck was held over to make the additional pickups today.

Jess A. Megarity, city sanitary supervisor, said the drive was successful and that the 10 trucks hauled about 200 tons of trash and rubbish to the city dump.

Travis Fullwood, street and sanitary commissioner, was well pleased with the drive. He said: "The citizens surely co-operated and we have much cleaner city today. I want to express my thanks to the 133rd Field Artillery, the 148th Infantry, the city employees and all the citizens for the part they played in making this clean-up campaign a success."

Dr. Will Miller, acting director of the Corsicana-Navarro Health Department, said the campaign would do much to hold down disease and epidemics. He said he felt the cleaner a city was the less chance there was for disease to strike.

"We have been fortunate in Corsicana. We have had no polio cases reported here this year, and no doubt the two clean-up campaigns have done much to prevent polio from striking here."

Miss Loretta Gaillard, technician for the health unit, said DDT fogging had been carried out during the campaign and would continue. The clean-up drive was started Monday. It was sponsored by the two units of the Texas National Guard here, and the city sanitary department.

The city was divided into three areas and the trucks worked one day in each. The guard units furnished six trucks and the city four. Guardsmen and city employees and 22 city employees drove the city trucks and helped load and unload all the trash.

Union Officers To Sign Affidavits

CHICAGO, July 21.—(AP)—The CIO Mine, Mill and Smelters Workers executive board, in a change of policy after two years, has voted to have the union's officers sign affidavits of no communist affiliation, it announced today.

Under the Taft-Hartley law, such affidavits are required of any union using the facilities of the National Labor Relations Board.

Plan For Church Cooperation To Be Presented

Dr. E. Stanley Jones, the author of many books and an internationally-known missionary lecturer, will appear in Corsicana September 21 to present a plan on church cooperation. Mrs. J. K. Wilkes, president of the Council of Church Women there, has announced plans for his appearance in that city.

One of the best known of the lecturer's books is "Abundant Living." He has organized what he terms a "Crusade for a United Church" of the world. Since 1946 he has spent the months of September and October telling Americans that they ought to pray constantly "that they all may be one."

The speaker, according to Fort Worth council officers, will not ask any vote on his new program of working together, but comes only to share with church leaders of that city what others have enthusiastically endorsed throughout the United States. He will address a mass meeting at Will Rogers Memorial auditorium on the evening of that day, and the following day morning will be open to the public. It is one of twenty-five such mass meetings to be held in the United States.

Baptist District Brotherhood Met At Navarro Mills

More than 250 persons attended the July meeting of the Corsicana Baptist District Brotherhood at the Navarro Mills church Tuesday night. Following the program, a watermelon feast was provided. Wives and families of the members were guests.

The devotionals was brought by Rev. Jack Goff, pastor of the North Side Baptist church. T. S. Patrick, president, presided.

The North Side choir and quartet from Memorial Dawson and First Baptist church of Corsicana brought special musical numbers. A sing-song was also conducted.

The August meeting will be with the Calvary church in Corsicana while the September session will be at Blooming Grove.

Parents of Daughter

Mr. and Mrs. Jack Woodridge, Dallas, are the parents of a daughter, Regina Marie, born Tuesday at 4:55 p. m. in the Florence Nightingale hospital, weighing seven pounds and 14-1/2 ounces.

Former residents of Corsicana, Woodridge was telegraph editor on the Corsicana Daily Sun for a number of years. He is now connected with the Dallas Bureau of the Associated Press.

LIFE'S BEST PRIZES ARE WON WHEN MAN OBEYS LIFE'S LAWS

All Religious Experience Begins With Confession And Repentance—This Is As True Today As Ever—We Need the Second Chance And Religion Offers It

By WILLIAM T. ELLIS and EARL L. DOUGLASS

A second chance! We all long for it—after we have made a tragic mistake, after we have failed in business, after we have let temper or some other passion get the better of us and as a result reaped a harvest of grief.

The secret of Christian joy is not only, or even primarily, that a man discovers a new and better way of life. The joy of the Christian arises from the fact that he is filled with the glad realization that he has another chance. His past has been wiped clean by forgiveness. So far as God is concerned—and what else matters?—he starts from scratch again. It is as though his sin had never been.

Ancient Doctrine Ever New.

The assurance of forgiveness is found not only in the New Testament but in the Old. The 32nd Psalm and the 51st are known as penitential Psalms. They set forth the glorious truth that God forgives the sinner a second chance. This second chance is known as forgiveness, and the assurance of forgiveness is central in the old Hebrew religion and in the Christian religion which grew out of it.

There are two requirements of forgiveness, repentance and faith—renunciation of our former ways of thinking and acting, and a whole-hearted trust that God will do the rest. We do not have to be good to be forgiven, but we do have to be sincere. When we are that, God does for us what only He can do, and the result is a glad heart and a new power to live the good life.

For Individual and Nation.

Does this sound theoretical or theological? Confession and forgiveness are two of the most practical realities of life. Countless reform measures and organizations exist today, petty and futile efforts to stem the wrong-way tide of our time. What we really need is a fresh realization of the central truth of our Christian faith—that by the death and resurrection of Christ our sins are forgiven; we get our second chance.

Our religion is not a mere code of ethics; it is a new life, identified with the life of Jesus, now and forever, and expressing itself in Christ-like ways. A real revival of religion—an appalling sense of the enormity of our sin and the sin of the whole world, and the realization that God is ready to put it all behind Him—will give us and the world a chance to start over again—

would do more to clear the moral atmosphere of our tense and frantic world situation than all the conferences of statesmen.

An atheist has been defined as "A man who has no invisible means of support." A Christian is one whose sustenance and strength are established in the great spiritual verities of redemption and immortality. The Christian is a man who has been given a good life here and the growing conviction that he will live a better life hereafter.

Signs of the Times.

We live in a time when a sense of sin is fast dying up and blowing away. Modern man is proudly unrepentant because he feels that he has very little need of repentance. "I'm as good as my neighbors," he declares, "I try to keep the Golden Rule, I expect to go to heaven when I die." In the case of every one of us, these three assumptions are highly questionable. We need to get down our Bibles from the book shelf, read such Psalms as the 32nd and 51st, look in the mirror, and realize that living up to the Golden Rule is a spiritual achievement which taxes the character of the most mature Christian; we need to ponder the fact that even the best of men make heaven only by the skin of their teeth.

The second chance, which in the field of religion is known as forgiveness, is modern man's greatest need, and he gets his second chance through confession and faith. We are an impatient generation living in an impatient world and the whole thing may blow up in our faces unless we change our mood quickly. A little learning has gone to our heads. Our comforts have weakened and corrupted us. The trouble with the world is sin. The world's greatest need is forgiveness. We had better learn this lesson before it is too late.

The civilization we seek for the post-war world is a great fellowship, made such by being a fellowship of those who seek to walk the way of Christ, and to do whatever He would like to have them do. Give us and the world a chance to start over again—

Joe Sheppard Is Elected Head Of Kerens Chamber

KERENS, July 21.—(Sp.)—The Kerens Chamber of Commerce met Tuesday evening at the American Legion Hut for a business meeting.

Following reports of the various committees and a round table discussion of the work of the organization, Hugh Barlow nominated Joe Sheppard as President. Mr. Sheppard was unanimously elected. Dr. H. F. Hoffer was named as vice president, and R. F. Walker, treasurer.

The president called a meeting for July 25 to be held at the Legion Hut and stated that leaders would be selected to head an extensive membership drive.

At the conclusion of the meeting iced watermelons were served to 33 members.

THE NATION TODAY

By JAMES MARLOW

WASHINGTON, July 21.—(AP)—Britain and Canada know how to make an atom bomb. Neither has made one. Canada doesn't want to. Britain does. The only one either could make is the old-fashioned, 1945 model.

Neither knows how to make the up-to-date kind that we can turn out now. We've left them behind because this country hasn't shared with them the information on making the most recent model.

The highest government officials here have been having hush-hush talks. From what newsmen can learn those talks are about giving more atomic information to our two wartime allies.

But there's a bit of a mystery in why those talks are occurring at all this time. Canada says it hasn't done anything to bring on the talks. And an informed Briton here says his country hasn't asked for any information recently. This is the background.

During the war this country, Britain and Canada co-operated in making in the United States the bombs that were dropped on Japan. They shared information then.

Then the sharing stopped—full sharing did—in 1946 when congress passed the atomic energy act. This act said our government no longer could give any nation our most secret information on bomb making.

So, since then, those two countries have received some information from us but have been shut off from the most secret stuff.

Robert F. Bacher, former member of the atomic energy commission, told a congressional committee Britain knows how to make the bomb and is getting ready to make one. But he pointed out that there are long steps between

William E. Terry Services Held Here Thursday

Funeral services for William E. Terry, 74, who died Tuesday while visiting in New Mexico, were held from the Corley Funeral Chapel Thursday afternoon at 2 o'clock. Burial was in the Prairie Point cemetery. The rites were conducted by Fred McClung, West Side Church of Christ minister.

Surviving are his wife of Baton Rouge, La.; four daughters, Miss Juanita Terry, Waco; Miss Marie Terry, Mrs. Carmelute Simmons and Mrs. Naomi Pryune, all of Baton Rouge; a son, Capt. Erwin Terry, U. S. Army; three grandsons, a niece, Mrs. E. B. Maxwell, Corsicana, and other relatives.

Nephews were pallbearers.

Authority Given Shreveport Firm For Sale Of Gas

WASHINGTON, July 21.—(AP)—The power commission yesterday gave the Texas Eastern Transmission Corp., Shreveport, La., the authority to sell a surplus of natural gas from the Big and Little Inch pipelines.

However, the commission ordered that the surplus be sold to regular customers and not to utility companies or other concerns not authorized as customers of the system.

Texas Eastern said the surplus, resulting from a reduced demand in some sections, would range from 60,280,000 cubic feet a day in July to 24,250,000 cubic feet daily in October.

getting ready to make a bomb, then making the first one, then turning them out in quantity.

July 14, President Truman called a secret talk. Some of the biggest men in government took part.

When they came out of the talk they wouldn't tell reporters what it was about. Later newsmen reported it was about sharing information on the bomb with Britain and Canada, and no one has disputed this.

Again yesterday there was a hush-hush meeting, this time called by the congressional committee. Again some of the biggest men took part. Again they refused to go into details afterwards.

But why the sudden secret talks about sharing secrets? Yesterday C. D. Howe, acting prime minister of Canada, said his government had no connection with the talks.

Here in Washington, a Briton, who ought to know what's he's talking about, told this writer the British have asked for information from time to time—and sometimes got what they wanted, sometimes didn't—but haven't asked recently.

Teacher Shed 50 Lbs. . . With Beauty Honors

AP Newsfeatures.
FORT DODGE, Ia.—Those "before and after" reducing pictures are no joke to pretty Mary Vee Hanrahan, 20, of Fort Dodge.

This rural school teacher lost 50 pounds in a year to cut her weight from 175 to less than 125 pounds. It was hard work, she says, to stick to a strict diet, but it brought results.

She won runner-up honors in the beauty contest staged by the Iowa Press Photographers Association this spring.

The fact that Miss Hanrahan

MARY VEEHANRAHAN... Pupils say she's pretty now.

could even enter such a contest was a personal triumph of rigorous dieting and self denial—a story the judges didn't know.

"A year ago I would have laughed at the thought of entering such a contest," she says. "For who would have given my 175 pounds a second look?"

The attractive young lady explains she put on most of her excessive weight when she was a child of 12, but for a couple of years did not realize she was unusually heavy.

She says she was misled by comments of older persons who often remarked, "My, what a healthy looking girl!"

During her senior year in high school (1946) she weighed 195 pounds, and it shocked her into going to a doctor. Along with her overweight, she says, she had severe headaches.

The doctor found she had high blood pressure and put her on a meagre diet which reduced her weight by 20 pounds within a few weeks.

Then, she continues, she began neglecting her diet. She remained at about 175 pounds during a year at Fort Dodge Junior College.

In 1947 she enrolled at Iowa State Teachers College for the summer term. She determined to lose more weight and tried a new method—"just not eating."

She skipped breakfast, had a salad at noon, and ate lightly at night. In eight weeks of this "starvation diet," she was down to 155 pounds but didn't feel well.

She added, "This 20 pounds went right back when I started teaching in a rural school in the fall."

In April of 1948 she asked a doctor for a weight-lossing diet. Basically she cut out milk, potatoes, bread and dessert. She doesn't eat between meals except fruit juices or salads without dressing.

This is what she usually eats: Breakfast—Toast, orange juice, black coffee.

Lunch—Fruit, celery, lettuce, sometimes a hard boiled egg or some sliced meat, but no bread.

Evening—generous portion of meat and a course of vegetables.

By the end of last December she was down to 125 pounds and she expects to get down to a trim 115.

"I feel like a different person and have so much more pep than I ever thought possible," she says. "I can buy anything I want in clothes without considering how this style or that color will emphasize my weight."

What's more, she's a regular crusader about telling you of what she calls the folly of excess weight.

Movie Stars Are World's Greatest Film Spectators

By BOB THOMAS.
HOLLYWOOD, July 21.—(P)—Want to know the world's greatest film fans? They're movie stars.
This comes from Scotty Brown, who operates a film library in Hollywood. His steadiest customers are the stars.
"That's why you don't see them so often at Ciro's or Mocambo," he says. "They're home watching movies."
Brown was a Scottish golf pro who came to Hollywood to play in an early talkie called "Follow Thru." He pursued an acting career until he got tongue-tied in a scene with Claude Rains. So he started his library and now has 2,000 feature films, with more being added every day.
Scotty is accustomed to having his phone ring at all hours of the night. One midnight it was Frank Morgan calling from Palm Springs.
The machine's running but the screen's still white," the comedian complained. Scotty gave long-distance instructions on how to get the projector working.
Projection rooms, along with swimming pools, appear to be standard equipment in stars' homes. Van Heflin runs his machine in a closet, Cary Grant in his bathroom.
Some of the home theaters are quite informal. At Agent Minna Wallis' for example, Scotty would often find Grant, Clark Gable and Tyrone Power seated on the floor watching the screen as intently as adolescents at a Saturday matinee.
Hollywood's favorite film, Scotty declared, is John Ford's "Stage Coach." Westerns are constantly popular with the movie crowd.
Contrary to what you might think, not many stars request their own pictures.

EASY SUMMER PARTIES

PICNIC FARE... Grilled spareribs and barbecue sauce

CHEESE TRAY... For a quick party snack

By CECILY BROWNSTONE
Associated Press Food Editor.
An easy way to cook a main course for a crowd is to grill hamburgers and frankfurters and to barbecue spareribs outdoors. You can get around the cooking time for the spareribs by pre-cooking them in the kitchenoven—then give them a crispy finish on a charcoal grill. To do this, have 3 to 4 pounds of spareribs cut in serving size pieces. Put them in a shallow pan, sprinkle with salt and pepper and bake them in a moderate (350 F.) oven for an hour. With this pre-cooking, you can put the ribs on the outdoor grill and swab them with the following barbecue sauce during a

last half hour's cooking on the grill.
Barbecue Sauce.
Ingredients: 2 tablespoons butter or margarine, 1 medium onion (chopped), 1 eight ounce can tomato sauce, 1 minced clove garlic, 2 tablespoons vinegar, 1 tablespoon brown sugar, 1 teaspoon salt, 1 teaspoon dry mustard, 1/2 teaspoon tabasco sauce, 1/4 cup water.
Method: Put butter or margarine, chopped onion, tomato sauce, garlic, vinegar, brown sugar, salt, mustard, tabasco sauce and water in a saucepan; bring to a boil. Use to abate ribs twice during last half hour of cooking. Makes 8 to 8 servings.
Another easy spread or a crowd after swimming or tennis is a cheese tray with such good companions as olives, cucumber slices, celery strips, carrot curls and lots of thinly sliced rye bread. The following recipe for creamy tomato punch will be delicious with the cheese and fixings:
Creamy Tomato Punch.
Ingredients: 4 cups ice-cold milk, 2-3 cups chilled tomato-vegetable cocktail, 2 teaspoons Worcestershire sauce, salt, chopped chives.
Method: Mix milk, chilled tomato-vegetable cocktail and Worcestershire sauce, salt and chives to taste and pour into glasses. Sprinkle a little of the chopped chives over the top. Makes 6 servings.

sports events far and wide, that he was one of our best rodeo supporters. He was a generous contributor to the betterment of the citizenship to finance (even if it takes several avenues of cooperation to get the money) an adequate swimming pool, or a swimming pool, or for that matter, both a swimming pool and a gymnasium.

"The High School needs a gymnasium. Admittedly the athletic program for girls is lacking. No year. The Junior College is well to the high school is forced to use the facilities of the Junior High Gymnasium, too small for the larger institutions.

"It is entirely possible to design a building which would serve the needs of all of the educational institutions. It is not entirely out of the question for such a building to be so designed so as to take care of mass public gatherings and banquets, to serve the people.

"Both projects are definitely needed. The community plans and leaders realize that to get them money will have to be provided. To date the public has not sufficiently become stirred and aroused to build the desired and willingness to pay for these projects.

"But when we think of a memorial to give consideration to a memorial which she believes Gov. Jester himself would have wanted: something to serve future generations of youth."

"Why not if we build a memorial to reflect the character of the people in a project such as the gymnasium or swimming pool?"

"We are soon to build a much needed hospital to be erected as a memorial to our war heroes both living and dead."

"Why not do the same in this instance? Erect something aside from a monument but which would reflect in better character, strong bodies and minds and a progressive citizenship for the future."

"Since the Chamber of Commerce is interested in worthwhile projects the community should try to pay for it, it will therefore be glad to serve as a clearing house for ideas and any citizen may have on a proposed for a Memorial."

SURRENDER
CONTINUED FROM FIRST PAGE

Opening the debate, Bevin said: "The British government left us a Germany without law, without a constitution, without a single person to deal with and without a single institution to grapple with, and we have had to build from the bottom of nothing at all."

Replying, Churchill recalled that he first heard of unconditional surrender from the late president, and added:

"I had very rapidly to consider whether the state of our position in the world was such as would justify me in not giving support to it."

"I did give support to it, but it was not the idea I had formed in my own mind. If the British cabinet had had to consider the phrase, 'I have not the slightest doubt that they would have advised against it.'"

Bevin also criticized American policy on the dismantling of German war plans. He said he tried to carry out the announced British policy of breaking up the "number one" plants by June, 1948, "and I was completely upset and hindered by the Allies."

"America took one view at one time, then altered it; appointed inquiry committees and then put up an entirely different proposal, the foreign secretary said that they would have advised against it."

"It is all very well to say that we should regard Germany now not as an aggressor, but I am not ready to do that yet."

the whole issue is "whether your government will continue to buy food and destroy it."

Face was leading the fight for the three-crop plan to permit a three-crop trial run of the so-called Brannan subsidy plan. Rep. Gore (D-Tenn) offered a substitute to continue the present Rep. Abernethy (D-Miss) who has been backing the administration plan, switched to the opposition.

Abernethy solemnly told his colleagues that he had heard from his farmers back home "and I am convinced they do not want even a trial run" of the Brannan program.

"Therefore," he said, "I cannot be in a position of forcing it upon them."

Face told the House it "is time to consider the consumer."

He cited the present government program of buying surplus potatoes to bolster market prices. He said that \$408,000,000 and many of the potatoes were destroyed.

He urged Secretary of Agriculture Brannan's subsidy plan as a means of preventing such losses and of getting the potatoes to the consumer. Under that plan, prices would fall to their natural level. The farmer would receive a government check to make up the difference between the market price and what the government considers a fair price.

Rep. Monroney (D-Okla.), who frequently has led economic battles for the administration, joined the opposition. He said that the House that the trial run subsidy program would set up "a chain reaction" of other subsidies that would threaten the government with bankruptcy. He said that the program would set up a chain reaction of other subsidies that would threaten the government with bankruptcy.

The House was called into session two hours earlier than usual to make crucial decisions that may determine the political fortunes of many farm belt Republicans and Democrats in the 1950 Congressional campaigns.

There was talk of all sorts of compromises but before midnight the House adjourned.

1. Scuttle or water down the administration-backed bill that calls for a three-crop trial run of the Brannan farm subsidy plan.

2. Kill outright or postpone the effective date of the Aiken law enacted by the Republican controlled 80th Congress. This law, set to become effective next year, would permit a flexible 60 to 90 per cent subsidy support program for major crops.

3. Continue the present farm program in 1950. This program supports major crops at a rigid 90 per cent of parity, (a price fixed by formula) but does not give farmers a fair purchasing power. This is done through government loans and purchases that keep price-depressing surpluses off the market. Farmers do not now get direct subsidies from the government.

The House debate, frequently bitter, ran like this:

The administration side-speaker, in his character, strong bodies and minds and a progressive citizenship for the future.

The opposition—leaders charged that the administration bill, which promises cheaper food through subsidies, gets its support principally from organized labor and from farmers. They argued that subsidies would lead to a peacetime OPA and cost billions more than present price supports.

Negro Girl Will Attend 4-H Camp
A Corsicana negro girl, Barbara Hines, 15, will leave July 26 for Nashville, Tenn., to attend a 4-H conservation camp. Honor 4-H negro students from eight states will attend.

Barbara's parents are employed on a farm at Powell and she has been a 4-H club member since 1944. During her first year as a club member she followed poultry as her leading project, with clothing as a minor project. She became more interested in the clothing project and so followed it the next year. She has won several awards at various exhibitions and it was her clothing demonstrations which won her the Nashville trip.

The Corsicana Chamber of Commerce is helping finance her trip to the 4-H gathering.

Baptist Leader Civitan Speaker Thursday Noon

L. H. Tapscott, secretary of the Baptist Brotherhood of Texas, was the principal speaker at the Thursday session of the Corsicana Civitan Club here.

In telling of the aims of the organization he serves, Tapscott said that "I hope we can build a society here in this nation that will live long after we are gone. We are men, and what concerns men concerns us."

He spoke of various religious experiences that he had come to realize in his work as state secretary. In one Texas town, 150 men from eight counties attended a brotherhood meeting, and 200 more who could not find standing room heard the proceedings over the radio, he said.

In another Texas city, a man-and-boy movement has been formed, with its object as getting boys into Sunday school for four weeks, after which the youngsters usually get interested and attend every meeting.

One of the firmest beliefs in regard to present-day religion, Tapscott said, was that the churches should be within reach of the people. "The church and the home attract each other on the basis of the distance they are apart," he stated. "For that reason, I don't believe too much in consolidation of churches."

Tapscott, whose headquarters is in Dallas, was introduced by Marvin Tekell. The program chairman for the session was Lloyd Caraway.

A Civitan watermelon party to be held at the club here Thursday night, July 28, 7:30, will not take the place of the regular luncheon session of the club. President Herman Roberts announced. Members are invited to bring their relatives and friends to the party.

A letter from Bill Stephenson, district governor of Civitan, asking the local club to send a delegate to a council meeting in Shreveport on July 27, was read to the club.

recognition of your courage and integrity over and beyond the call of duty." Newsweek said the President intended, "I hereby decorate you with the medal of Operation Union Station." (That was where the exchange took place).

The President then pinned the medal on Vaughan's uniform. It consisted of a bar inscribed "Operation Union Station, July 6, 1949. Maj. Gen. Harry H. Vaughan, S. A., from President Harry S. Truman." Suspended from the bar was a disc bearing a picture of a desolate stretch of railroad tracks.

Newsweek said Vaughan was relieved to get off so easily. "Here is a chairman of a senate expenditures subcommittee completing plans for a public inquiry into charges of use of influence in awarding government contracts. The term 'five percenters' has been applied to persons who help manufacturers get government contracts for a fee. There have been charges that some of these persons have claimed influence with government officials."

Vaughan has said he knows "about 300 persons in Washington who are charged with influence." As a result, Rep. Shaver (R-Mich) has called on Mr. Truman to suspend Vaughan. And Senator Mundt (R-SD) has demanded that Vaughan be required to sell the senate subcommittee "whether he was just wind-jamming, or actually knows something" about "five percenters." Mundt is a member of the subcommittee.

He declined to comment on Mundt's demand, but he told a reporter: "If anything shows up in our preliminary investigation which indicates that General Vaughan could contribute any information that would be useful to us we will of course invite him to testify."

Vaughan's name got into the picture originally in this way: Paul F. Paul, a Massachusetts manufacturer, said in a copyrighted story in the New York Herald Tribune that he paid \$1,000 to James V. Hunt, a former army officer and war assets administration employee, for help in seeking a government contract.

Grindle said Hunt told him he had influence with both Walter and Feldman, and with Vaughan. Hunt has denied that he ever tried to trade on influence. Vaughan has declined to comment since his first remark, made without elaboration.

There has been word from a White House official that Mr. Truman wants no punches pulled in the investigation of "five percenters."

TREATY

due shortly after 3 p. m., CST, on a treaty reservation sponsored by Wherry, Senator Taft (R-Ohio) and Senator Watkins (R-Utah).

This reservation says it would be the understanding of the United States that Article 3 of the treaty carries no obligation to supply military aid to pact nations.

Pact critics say Article 3 would obligate this nation to re-arm Western Europe, if it is not made explicitly plain that it does not. Supporters of the treaty deny there is any such commitment.

Then the senate is scheduled to vote in quick order on two other Watkins' reservations. One would state in brief the United States is not obligated by the treaty to do the North Atlantic area or to use armed force to resist attack until congress approves. The second would say congress is not obligated by the treaty to declare war in event of an attack on a pact nation.

Once the amendments are out of the way, the senate will vote on a resolution of ratification—the act which will instantly pledge the United States to a historic new foreign policy.

The treaty—signed in Washington last April 1—will bind the United States, Canada and 10 European nations to the treaty aggression and unite on a basis of all for one and one for all.

have exhausted their benefits. The average number of weeks Navarro county's vets could draw was estimated at 48. This includes those who were entitled to full 52 weeks and portions thereof.

Ready estimated that the average number of unused weekly benefits at expiration time would be 22-1/2 weeks per veteran.

He said many veterans have drawn a few weeks pay, and in his claim, but found employment before filing a compensable claim. A spot check on 25 claims from the office's active files revealed the following:

Of the remaining 22, one had two weeks left; two had five weeks; one had six weeks; one had nine weeks; one had 12 weeks; one had 14 weeks; one had 16 weeks; one had 18 weeks; one had 20 weeks; one had 22 weeks; one had 24 weeks; one had 26 weeks; one had 28 weeks; one had 30 weeks; one had 32 weeks; one had 34 weeks; one had 36 weeks; one had 38 weeks; one had 40 weeks; one had 42 weeks; one had 44 weeks; one had 46 weeks; one had 48 weeks.

Ready said: "If the spot check of the 25 cards can be used as a yard stick for all the veterans who have filed claims for benefits in Navarro county since Sept. 1, 1948, then approximately 987,000 dollars have been paid to veterans in this county."

"The average weekly benefit checks have been slightly less than \$20. This resulted from veterans who secured part-time work and reports of which lessened the benefit check."

Records at the Corsicana office of the Texas Employment Commission indicate that Navarro county veterans of World War II, on an average, averaged approximately 26 and two-thirds weeks per veteran, out of an approximate total of 48 weeks per man average.

This is believed to be comparable to or slightly better than the state average as compiled at the first of the year.

From end of F-M 129 near Montfort north to road intersection a distance of approximately 4.5 miles. This is a continuance of the previously designated two segments of the road beginning on Highway 31 west of Powell then going via Roane to Montfort. This new extension will take the road to a point northeast of Chatfield on the F-M road that eventually will become a state highway connecting Corsicana with state highways in the vicinity of Mabank in Kaufman county.

Navarro county commissioners court is expected to pass resolutions accepting the designations and agreeing to provide the necessary right-of-way for the farm-to-market all-weather road. These two roads are as previous ones with the state to not only construct them, but also to maintain them after they are built.

Good Neighbor Commission Said Due For Changes

AUSTIN, July 21.—(AP)—Possible changes in personnel of the Good Neighbor Commission were widely reported here today.

Replacement of Chairman R. E. (Bob) Smith of Houston by Neville C. Penrose of Fort Worth and addition of two Texans of Latin American extraction was seen.

Gov. Allan Shivers recently said he intended to make few changes in executive department policies of the late Gov. Beauford H. Jester. A source close to Jester said he had intended to replace Smith with Penrose.

There was no immediate comment from Shivers.

The terms of Smith and Good Neighbor Commission Member Lloyd Bentsen, Sr., of McAllen expired June 19. Also to be filled was a vacancy created by the resignation of Fete Coffield of Rockdale.

Jester was known to have considered filling two of those places with outstanding Latin American citizens.

Penrose had lunch with Jester Friday before the governor died. He is now at Guernavaca, Mexico. Penrose has long been prominent in Democratic party affairs.

Smith, who has devoted a great deal of time and money to the Good Neighbor Commission, was originally named to the commission by Gov. Coke Stevenson. He was reappointed by Jester.

Union Agrees To Plan For Ending New York Strike

NEW YORK, July 21.—(AP)—The negotiating committee for striking CIO transit workers today recommended acceptance of Mayor William O'Dwyer's proposals for ending a crippling eight-day-old strike on 30 New York City bus routes.

The proposal now goes to the union's membership for its approval or rejection.

The committee suggested that the 3,800 striking drivers and maintenance men return to work at midnight tonight.

The strike, against the New York City Omnibus Corporation and the Fifth Avenue Coach Company, grew out of the dismissal of four mechanics.

The mayor's formula, essentially, called for arbitration of all issues underlying the strike. He submitted it yesterday and the two truck companies accepted it last night.

Although the stoppage arose originally over the dismissal of

Honor Roll At Junior College

The Navarro Junior College honor roll for the first semester of summer school was released Wednesday. Five students made a grade of "A" in both courses for which they were registered.

They are: Charlene Adams, Kenneth Berryhill, Christeen Darden, McKenzie, Walton Albert Reed, Ralph Ross.

Dean Gaston T. Gooch explained that the honor list's purpose is to commend officially those students who made two "A's" during the first six weeks semester. The regular load for the summer session is two three-semester-hour courses each semester.

Second semester classes began Monday, July 18.

Capital Paper Is Sold To Chicago Tribune Owner

CHICAGO, July 21.—(AP)—The Washington Times-Herald, the capital's biggest daily newspaper, has been purchased by the Chicago Tribune, which has the largest circulation of any standard size newspaper in the country.

Col. Robert R. McCormick, editor and publisher of the Tribune, last night announced the purchase of the newspaper once owned by his cousin, the late Mrs. Eleanor M. (Cissie) Patterson.

His brief announcement said the present management of the Times-Herald will be continued.

Purchase price and other details were not disclosed. The Tribune bought the Times-Herald from seven of its executives who were willed the newspaper by Mrs. Patterson at her death July 24, 1938.

Summer School Graduates Get Diplomas Friday

Summer classes in the Corsicana school system will close Friday, and graduates in the senior group will receive their diplomas at 7 o'clock that evening. Principal R. A. Armistead announced Thursday.

Approximately 14 persons are expected to win their diplomas at the commencement program. Examinations were given Thursday.

The eight-weeks' school got under way June 2 with some 120 students enrolled. Report cards will be handed out Saturday, Armistead said.

The commencement program, to be held in the high school auditorium, will feature brief talks by Armistead, Supt. W. H. Norwood and School Board President Mrs. H. R. Stroube, who will award the diplomas.

An honor graduate, Miss Dorothy Griffin, will speak on "Looking Back."

Water And Soil Conservation Meeting Friday

The water and soil conservation program which involves the area served by the Richland and Chambers creeks will be discussed at a special meeting being called by the Corsicana Chamber of Commerce Friday. The meeting will be held in George's Blue Room at 10 a. m.

Herman Brown, manager of the Chamber of Commerce, said the meeting would be attended by the Chamber of Commerce board of directors and key committee men; Mayor Hubert T. Braselton, the city commissioners, the city engineer, representatives of the county government and civic leaders.

Parks, Fort Worth, engineer for the Trinity River Improvement Association will speak. He will inform the group on the latest aspects of the water shed area and what is being done by the federal government.

Brown said this water and soil conservation program was of vital interest to Corsicana and the area and that if proposed dams are constructed Corsicana will have an adequate water supply and better production from the land.

Utility Firms In Texas Merged By Chicago Action

DALLAS, July 21.—(AP)—C. H. Zachry of Dallas said a merger of Texas Public Service Company into Southern Union Gas Company became effective today with a Chicago meeting of Southern Union's Board of Directors.

Zachry is president of Southern Union. He said directors acted after the required two-thirds majority of stockholders of both companies approved the merger at separate meetings in Dallas July 14.

Zachry said also that directors had named William Lawlor, Jr., of Austin, Texas, a vice president of Southern Union. Lawlor had served as vice president of Texas Public Service.

He said that the Natural Gas Distribution Systems in Austin, Galveston, Port Arthur, Griffin Park, Groves, Lakeview, Nederland, Pear Ridge, Port Neches and Port Acres, Texas, formerly owned by Texas Public Service, would be operated as the South Texas District of Southern Union.

With new customers added by the merger, Southern Union now serves approximately 180,000 consumers in 42 towns and cities in Texas, New Mexico and Colorado.

Zachry said combined assets of the company since the merger are more than \$40,000,000 and employees total more than a thousand.

The 32 other cities and towns served by Southern Union are in West Texas, New Mexico and Colorado. They include El Paso and Pecos, Texas.

Caravan Trips To Various Area Meetings Planned By WSCS At Executive Meeting Held Here

An executive meeting of the District Methodist Women's Society of Christian Service was held Friday in the home of Mrs. Plez Dewey to plan for caravan visits to a number of area meetings. Mrs. John Remonte presided.

In August, on dates to be announced later with meeting places, a caravan team of district officers will visit local societies to inform them concerning the work of the WSCS.

Members of the team are to be Mrs. J. P. Black, Wortham; Mrs. Dewey, Central Methodist, Corsicana; Mrs. C. E. Hutchinson, Corsicana; Mrs. John Black, Blooming Grove, and Mrs. John Remonte, Eleventh Avenue, Corsicana.

Announcements also were made of children's workers at Southwestern University, Georgetown, August 9-11. The training program will present information on methods of working with children, visual aids and offer courses for kindergarten, primary and junior department workers. A series of teaching music also will be offered.

The courses will be open to church school workers, teachers, parents or others interested. Junior workers will be led by Mrs. E. O. Sory Hillsboro; primary by Miss Maurine Martel; kindergarten, Mrs. O. S. Hervey, Houston; nature study, Miss Inez Brantner, Houston; missionary units for 1950 for the WSCS, Mrs. Ned Lydick, Fort Worth, and music, Mrs. E. C. Chappin, Houston.

The workers have been asked to enroll now by writing Mrs. W. H. Cole, 1300 Austin Avenue, Waco. No fee is to accompany the registration with Mrs. Cole. The total cost for enrollment, \$6.75, is payable later.

Announcements were made concerning the conference missionary institute at Georgetown August 23-26.

Every society is being urged to send one representative to the institute, and the secretary of missionary education especially has been urged to attend.

All conference officers are eligible to attend. District officers who may attend are the president, vice-president, promotion secretary, secretaries of missionary education, Christian social relations, spiritual life, youth work and Wesleyan Service Club.

Workers will register August 23 between 10 o'clock in the morning and 2 o'clock. In the afternoon at 4 o'clock at First Methodist Church the Day Apart observance will be held. First classes are at 8:30 o'clock August 24.

The topic for one class will be "Cooperation for a Christian Nation" and the text will be "Missions at the Grass Roots" by Shriver. Japan will be the subject for another class, using the text "Japan Begins Again" by Kerr. Texts and topics for other classes are "Women of Scripture" by Moss and "We the People of the Ecumenical Church" by Wyal. In addition to the classes there will be workshops on methods of teaching the approved courses and program building. Each registrant will be permitted to study on course and participate in one workshop.

Instructors for courses are to be Dr. Leon M. Couch, Durham, N. C.; Dr. Harvey N. Watts, Georgetown; Miss Dorothy McConnell, New York, and Miss Charlie Holland, Lauff. Miss McConnell is editor of the World Outlook and several years ago took part in a conference meeting in Hillsboro. Miss Holland is home on furlough from Mission duty in Japan and was present at the past conference in Temple.

A fee of \$6.00 will be charged for board and room during the study conference. One dollar must accompany registration with Mrs. E. L. Reid, 301 Bellevue, Cleburne.

Pioneer Navarro County Resident Dies At Kerens

KERENS, July 22.—(Spl.)—Mrs. Fannie Sherrill, 78, pioneer resident of Navarro county, died at her home in Kerens early Tuesday morning after an illness of several years.

Funeral services were held at the Stockton Funeral Home in Kerens Wednesday afternoon, with Rev. Milton O. Davis, pastor of the Kerens Baptist church, conducting the rites. Burial was in the Kerens cemetery, with grandsons as pallbearers.

A native of Tennessee, Mrs. Sherrill came to Navarro county as a girl with her parents, Mr. and Mrs. W. K. Chittwood, and settled in the old Wadeville community. She was married in 1885 to Claude Sherrill, and the couple moved to a farm southeast of Kerens where they lived until 1900, later moving into Kerens.

Mrs. Sherrill was a life-long member of the Baptist church. Her husband died in 1939.

Survivors include three sons, Calvin Sherrill, Houston; Clay Sherrill, Kerens; and Pat Sherrill, Athens; a daughter, Mrs. Roscoe McConico, Kerens; a sister, Mrs. Della Albrighton, Corsicana; grandchildren, 21 great grandchildren, and one great-great grandchild.

Greyhound Bus Opens Station At City Cab Co.

The Greyhound Bus Co. today announced it would move its passenger depot from the Central Bus Station to the City Cab office, located at Collin and Main streets. The bus company will start operations out of its new offices Thursday.

Charles Smith, son of Stewart Smith, operator of the City Cab Co., will be the ticket agent. Stewart Smith said the buses will use the two outside lanes of the cab driveway for loading and unloading purposes. The ticket agency will be located in a part of the City Cab office.

The Greyhound company operates 10 buses a day through Corsicana. The air-conditioned buses travel both east and west daily.

The phone number of the Greyhound ticket office will be 211; this number will serve both Greyhound and City Cab.

An official of the Greyhound company said more convenient and better service to its customers would result from having its bus terminal in a downtown location.

City Manager At Hubbard Is Dead

Funeral services for John Le Harris, aged 64 years, who died of a heart attack during the week end, were held at Hubbard Monday afternoon from the First Methodist church.

Harris had been city manager of Hubbard the past 13 years. Surviving are his wife, Mrs. Faye Kirkley Harris, Hubbard, and two brothers, T. G. Harris, Brownwood, and W. R. Harris, Dallas.

MRS. JACK BARNES.

FRANCES LOUISE PRINCE AND SGT. JACK BARNES MARRY AT FIRST METHODIST PARSONAGE

The marriage of Miss Frances Louise Prince and Sgt. Jack Barnes was solemnized Tuesday evening at the First Methodist parsonage with Dr. Erwin F. Bohmfalk officiating.

The bride is the daughter of Mr. and Mrs. Ernest Prince of 1737 West Second Avenue. The bridegroom is the son of Mrs. Leon McCullough of George West and the grandson of O. F. Treadwell.

The bride was dressed in a frock of pale blue tulle, designed with sweetheart neckline, short sleeves, basque bodice and a circular overskirt of embossed organza which fell to ballerina length. Her accessories were white accented in navy blue, and her flowers were pink carnations, worn at a corsage.

Attending the bride was Miss June Auld, who wore a two-piece green chambray frock with metallic stripes of silver. Her accessories were brown, and her corsage was composed of white carnations.

Members and close friends of the family were included in the guest list for a reception at the home of the bride's parents following the ceremony.

Gold bells adorned the tiered wedding cake, encircled in fernery and white bridal blossoms, which graced the center of the lace cloth covering the bride's table. Serving concerning the conference meeting cake and punch were Mrs. T. H. Benton of Houston and Mrs. Prince. Mrs. Bonham Burleson registered the guests in the bride's book.

Mrs. Prince was dressed in a navy blue fall suit with navy accessories, and her corsage was of pale blue carnations.

When Sgt. and Mrs. Barnes left for a wedding trip to Corpus Christi, she was wearing a pink broadcloth frock with navy and white accessories and carnation corsage. En route they planned to stop in Georgia West to visit his mother, Mrs. McCullough.

A graduate of Corsicana High School, the bride has attended Navarro Junior College and has been employed by M. Evans, Jewelers.

Her husband, who also attended school here, has served in the armed forces three years. Formerly stationed at Fairbanks, Alaska, he is now stationed at Connally Air Base, Waco.

Out of town guests for the reception were Mr. and Mrs. A. L. Absher of Dallas and Mr. and Mrs. Newt Prince of Lockhart.

Funeral Rites Held Tuesday For Dawson Resident

DAWSON, July 19.—(Spl.)—Funeral services were held here Tuesday morning from the Church of Christ for Dave Berry, aged 79 years, who died Monday night. Burial was in the Dawson cemetery. The rites were conducted by Walter Moore, minister of the church.

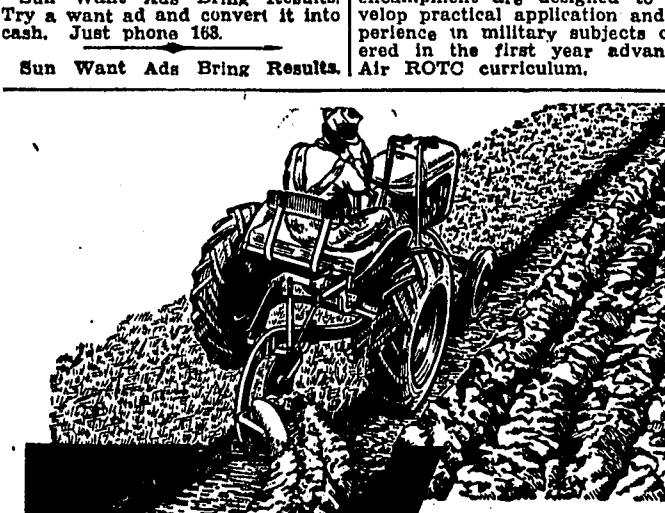

Berry, native of this community, a retired barber, in ill health for some time, died of "gunshot wounds, self-inflicted," according to a coroner's verdict returned by Judge Joe P. Davis, justice of the peace. Berry was shot with a .22 calibre pistol about noon Monday, Judge Davis said.

Surviving are his wife of Dawson, two sons, Howard and Bud Berry, both of Houston, and other relatives.

Rites Monday For J. M. Pugh; Burial In Oakwood

Funeral services for J. M. Pugh, who died at his home here late Sunday afternoon, were held at 5 p. m. Monday in the McCammon Funeral Chapel with Dr. Jared I. Carlidge, First Baptist church pastor, officiating. Burial was at Oakwood cemetery.

Pugh was 72 years old.

A longtime member of the Presbyterian church and a native of Angus, Pugh was the son of the late Mr. and Mrs. John Pugh, pioneer Navarro countians. He served several terms as city assessor and collector of taxes and was a former businessman.

Survivors are two daughters, Mrs. Louise Clements and Mrs. Annie Lee Novac, both of Corsicana; three sons, J. C. Pugh, Austin; C. W. Pugh, Corsicana, and B. R. Pugh, Houston; several grandchildren; a brother, L. A. Pugh, Corsicana.

Pallbearers were John C. Hughes, S. L. Story, John Sullivan, Billy Thomas, King Elliott, Robert H. Daniel, Tate Lindsey, C. W. Cox, Roy Harrison and Jack Megarity.

Fund Started To Honor Memory Of Governor Jester

A fund to honor the memory of the late Gov. Beauford H. Jester with a memorial at the First Methodist church has been started.

The fund, entirely voluntary and unsolicited, was started when Dr. Erwin F. Bohmfalk, pastor of the church, received a check for \$250 from Rockwell Bros. and Company, Houston, with the request that the money be applied on a memorial for the governor.

This was followed by two more checks, one from the news reporters at Austin for \$25, and another from Mr. and Mrs. Harb Jacob for \$10 with the request that the money be applied in a memorial.

Governor Jester was a life-long member of the First Methodist church and for many years had been active in church affairs.

Corsicanans Go To Party At Tyler

A number of Corsicanans were in Tyler Sunday to attend an observance of the twenty-fifth wedding anniversary of Mr. and Mrs. A. S. Genecov, who formerly lived in this city.

Silver appointments predominated in the decoration. Carnations and a wedding ring cake were featured in dining table arrangements.

A dinner was followed by a garden-party and reception on the lantern-hung lawn of the Genecov home.

Attending were Mr. and Mrs. Albert Daniels, Mr. and Mrs. Louis Goldberg, Mr. and Mrs. Robert Werner, Mr. and Mrs. Dave Levy, Miss Janice Levy and Miss Babette Blankfield of Fort Arthur, who is visiting here in the Levy home. Miss Levy was a member of the house party for the anniversary occasion.

Barry Resident Is Guest Of Honor

S. B. Watson of Barry was honored on his seventy-fifth birthday Sunday afternoon, July 17, at the family home. Open house was held for his brothers and families.

The surprise was planned by his daughters, Mrs. C. C. Perkins of Dallas, Mrs. Herman Neu of Corpus Christi and Mrs. Bruce Watson of Waco. Guests were served by six grandchildren.

The refreshment table was laid with a lace cloth with Maroon daisies at one end and the punch bowl at the other.

All of the brothers were present—A. R. Claud and Marion Watson, all of Barry; Homer and Marshall Watson, both of Dallas.

Other out-of-town guests included Mr. and Mrs. Lawrence Watson, Mrs. P. M. Woodruff and Curtis Woodruff, all of Dallas; Mr. and Mrs. Walter Perkins and Mr. and Mrs. Woodard Perkins, all of Mexico; Rev. E. W. and Mrs. Price and the Rev. Mr. Welch, all of Fort Worth.
